

# It's all on the green website

THERE'S a lot going on in Knighton for anyone wanting to be active on environmental issues!

Teme Valley Environment group has a website – [www.tveg.org.uk](http://www.tveg.org.uk) – that has all the details.

To promote local food growing, the Edible Knighton project is going to plant a new orchard behind the old tennis courts on Saturday, March 5 (10am). Anyone who would like to plant a tree as a memorial should phone 01547 528833 for details.

If you fancy growing fresh local vegetables the Community Allotment always welcomes new members – call 01547 520019.

The annual Seed Swap will be at the Food and Craft Market on tomorrow (Saturday). Bring your excess seed to swap or for a small donation get some surplus seed.

## Followed

This will be followed by a plant and seedling swap at the Market on May 14. Local food grower Hill Farm Market Garden sells vegetables in the car park behind the Knighton hotel every Thursday morning.

A new Woodland project has just been launched to promote local sustainable wood supplies – for more information see [www.tveg.org.uk](http://www.tveg.org.uk) or phone 01547 528866.

The group also stages regular litter picks, sponsored by Tidy Towns and it welcomes more pickers. Visit the website [www.tveg.org.uk](http://www.tveg.org.uk), or come to the group's next meeting on March 9 at 7:30 pm at The Tower House Gallery.
